DRIVEN-POST FENCING

The Best Choice for Long-Term Temporary Fencing That Requires Added Stability

In addition to being more stable, driven-post temporary fencing adds extra security and has the look and feel of a permanent fence without the concrete foundation. SCS offers driven posts in two different heights as well as windscreen and gates.

WATERCADE/ROOGARD SYSTEMS SALES & RENTALS

Features a water filled jersey barrier with a sturdy portable fence panel mounted to the top that is screened to block outside view into your secured area. Each unit is completely portable, but when assembled and filled, it gives you an immovable barrier with a 6' to 9' overall height, weighing approximately 600 lbs. per 6' section.

- Mesh screen available
- Available in multiple color options
- We can incorporate advertising on your Watercade – may include renderings or company info.
