Service

With the largest covered production facility in the Northwest, we will supply your truss needs, regardless of the weather, with the shortest order lead times. Our fleet of radio dispatched boom trucks will deliver your trusses when you need them.

Trusses when you need them

Quality

With a stringent, conscientiously applied quality control program to guide our production, we assure our clients of top grade, accurate and uniformly built trusses of any size, in any quantity.

Accuracy, uniformity, quality

Support

Our highly trained and experienced sales and design team, using state-of-the-art CAD Engineering software, will solve your most difficult and complex truss problems.
