EQUIPMENT, INSTALLATION, AND AFTER-SALE SERVICE

The breadth of the Overhead Door™ Brand rolling service door product line ensures that your project specifications will be met with ease and style. Ideal for situations where sideroom and headroom are at a premium, our upward-coiling service doors fit openings up to 1500 sq. ft. (139,355 sq.mm) and are available with the industry's widest array of slat profiles, curtain materials and colors, offering a virtually endless array of options to satisfy both aesthetic considerations and working requirements.

Overhead Door Company
of Seattle™

QUALITY COMMERCIAL DOORS SINCE 1999

EQUIPMENT, INSTALLATION, AND AFTER-SALE SERVICE

A wide array of Overhead Door™ Brand rolling steel doors are available to meet the most demanding fire safety standards, unusual opening sizes, and discerning aesthetic requirements. Designed to close automatically in the event of a fire or alarmed event, our fire-rated doors are available for service door and counter applications in commercial, industrial, institutional and retail projects. We provide fire-rated doors with UL or FM labels and are listed for both masonry and non-masonry applications. Our FireKing® fire-rated door collection offers fire protection, innovative design, and optimized performance for the end-user. The Fire Sentinel® time-delay release device provides an added measure of safety to control the doors' closure.

THE SMART CHOICE IN DAYLIGHTING SYSTEMS

Lacey Glass has been providing quality skylight, sunroom and window installations since 1980. Our focus has always been in slope glazing and natural day lighting.

Our staff has been carefully handpicked to compliment the work we perform. We have over 100 years of combined experience in design, project management and installation of day lighting products.

We pride ourselves on integrating our experience and knowledge to get the most value for your project dollars. Please visit our website to see the many different systems to compliment almost any architectural design and budget.

C650 Ultra™ Series

Milgard® brings you the latest in contemporary looks for your home.

Our Ultra™ Series windows and patio doors are stunning, modern and provide visual impact. This series offers a dark interior frame that matches the exterior so you can decorate with the popular dark window look. The fiberglass material resists swelling, rotting, and warping making it the perfect choice for long-lasting durability coupled with exceptional beauty.

BENEFITS INCLUDE:

- High-performance and energy efficiency
- Attractive, durable and easy to operate hardware
- Black Bean, Bark, Harmony and Frost exterior colors (choose white or color matched interior)
- Lifetime Limited Warranty*

Windows & Doors of Western Washington

With Pella, you get so much more than stunning windows, patio doors and front doors. We go beyond to design and manufacture quality products that exceed your expectations.

Rely on Pella to see your projects through.

Whether you're an architect, contractor, property manager or developer, Pella Commercial is standing by with expertise, capabilities and experience to make your window or door projects run smoothly. See how we act as an extension of your team to support you every step of the way.

Architects

Budgeting Assistance

- Analysis of project needs and schematic design to help determine products within cost parameters.
- Value engineering with savings analysis to help ensure your project doesn't go over budget.

Design Assistance

- No-cost design development and contract documentation, including elevation and detail drawings and installation design.
- CAD drawings and BIM detailing.

Expert Education

- Continuous product and installation education through free webinars and training.
- Opportunities to earn AIA credits.

General Contractors

Local Project Management

- Deliveries based on your schedule, helping you avoid costly delays.
- Product staging to help ensure materials remain in ideal condition until install.
- On-site support, including field measurements, testing and quality inspections.

Local Installation Solutions

- Local factory-trained service technicians available to provide on-site installation training and assistance to your crew.
- Full installation shop drawings, including window and door elevations, product specifications and water management details.

Engineering Solutions

- Code review, water management solutions and structural analysis to help you meet performance requirements.
- 3D prototype and custom extrusion services for unique projects.

Developers

Pella Name Recognition

- Pella windows rating #1 for highest quality which can help your project have a higher building class perception and greater ROI.

Budgeting Assistance

- Analysis of project needs and schematic design to help determine products within cost parameters.
- Value engineering with savings analysis to help ensure your project doesn't go over budget.

Dedicated Local Service

- Trained service department that regularly visit your jobsite, so you don't have to go through third parties if issues arise.
- Pella service techs that provide service directly to residents after the project is complete.
- One of the best warranties in the industry that's supported by local service teams.

To give you and your customers peace of mind, our products are backed by one of the best warranties in the business.

- 20 years on insulating glass
- 10 years on products
- 2 years on labor

Plus local service teams are dedicated to providing the reliable service you need, when you need it.
