Shake SkidGuard container before each use. **DO NOT** pour material out of container use. **DO NOT** shake it first. All of the sand and nonskid material is on the bottom of the container and has likely settled in shipping. Properly shaking and mixing the product provided container insures that you will have a nonskid result in the end.

► Flexibility

- Works on any radius or design
- No preformed panels to cut or trim to size
- No wasting of materials or time
- Seamless finish, zero trip hazards

► Longest Lasting

- Mechanically & chemically adheres to surface
- Applies to concrete, asphalt, granite, etc.
- No cracking, peeling or shifting
- Always non-skid, not "slip resistant"
- 5-year replacement warranty
- Stronger than the surface applied to

► Cost Effective

- Manufactured onsite to conform to your surface
- All components made in the USA
- No screws, fasteners or glues
- Virtually no maintenance costs

Truncated domes are required under ADA/ABA/ADAAG, mandated by DOJ, federal DOT/FHWA and all states DOT, approved under ANSI/UFAS.
